**1. What types of development do you think are appropriate for downtown Asheville? What types are inappropriate? Explain.**

I support high density multi-use facilities. I do not support more parking lots/decks/hotels.

**2. How would you improve Asheville's Homeless plan and service system?**

Twofold: First, I'd buy them all a one way bus ticket to Leicester. They have lots of open space there, perhaps float the town a few bucks to set up a Hooverville. Secondly, I believe my proposed introduction of Tigers to downtown Asheville would go a long ways to solving the problem of the Homeless.

**3. What initiatives would you undertake to make Asheville a greener city?**

Using environmentally friendly paint to paint the city green. Also require everyone to own a bike and use it at least 4 days a week.

**4. Do you support a living wage for all city employees including contract labor? Domestic partner benefits?**

Yes. Yes.

**5. What are the three best City Council achievements of the past four years?**

Keeping the city safe from Mexican invaders.

Keeping the city safe from Muslim invaders

Keeping the city safe for Tourists

**6. List and explain three of your priorities for City Council during the upcoming four years.**

Solving that long running URTV dispute.

Finding a way to harness the energy of self-satisfied eco-whack jobs to replace fossil fuels. Making Asheville safe again.

**7. What sets you apart from the other City Council candidates? Explain.**

I haven't been bought out by special interests. My campaign is funded by the people, not developers and lawyers.

**8. If elected, how would you engage the citizenry of Asheville in helping to make decisions and accomplishing your goals?**

Weekly fireside chats, and a strong ministry of propaganda

**9. Do you support President Obama's agenda, including his energy, health care and education initiatives? Explain why or why not.**

I supported candidate Obama's agenda (for the most part) not sure about President Obama's agenda yet.
